The players involved were reported to be ArtRage members.

Since its launch, Roblox has had many updates. These updates affect the gameplay and/or user experience at all levels of the game. Some updates, such as "Roblox," have been launched by the company itself. Others have been launched by third-party developers or players in the game.

The majority of players on ROBLOX do not have any way to benefit from the game anymore because they're not willing to pay real money for fake money (robux), so they get bored and quit. They know there is no value in this game so why should they waste their time on it?
